

Our thanks are tendered Mr. J. F. Jackson, of Reevesville, for a basket of the finest and most delicious peaches we ever saw.

We understand the Winship Gins advertised by Messrs Bull & Scoville are giving perfect satisfaction to purchasers. The staple produced is of the finest quality.

Several bales of new cotton have been sold in town during the week at encouraging prices. It is thought the present prices will be maintained until the lean season begins.

A gun team from our town left on Wednesday morning for Spartanburg to take part in the shooting contest. We trust they will not fall short of their reputation as good sportsmen but rather add to it.

Mr. Henry Snell who has been at Glenn Springs for his health has returned and we hope the quiet and comforts of home together with the tender care of loved ones may be effective in restoring his health.

We were pleased to welcome Mr. Jas. S. Heyward of the *Kingsree Star* to our Sanctum on Thursday last. Mr. Heyward is in excellent spirits, and gives a hopeful account of the political situation in Williamsburg county.

We were glad to meet our worthy friend Dr. W. F. Barton after his return from a month's stay on Sullivan's Island with his family. The visit was both pleasant and beneficial and the sea air proved to be quite a relief from the hot and sultry weather of the country.

Enox Straker and Boliver have buried the tomahawk, and henceforth peace will reign in Warsaw. We were in hopes that the old adage—"When rogues fall on honest men get their dues"—would be verified in this case, but it seems they knew too much on each other, and so they embraced and made up.

From every section of the County we get very unfavorable accounts of the cotton crop. Since the last rains rust has appeared on every kind of lands, and will cut the crop short even in the clay regions. Bolls the size of a man's thumb are falling off by scores. This is not usual in the worst seasons for rust.

The two Georgia candidates for Governor, Gov. Colquitt and Ex-Senator T. M. Norwood have made arrangements to discuss their difference before the people of the state. It is to be hoped no bad blood will spring up between them and no ill effects will result from this division in the Democratic party of the Empire State.

The Chicora Brass Band, of Charleston under the leadership of Mr. B. B. Holloway serenaded Hon. Sam'l Dibble and C. B. Glover on Saturday evening last. Mr. Dibble in returning thanks for the honor took occasion to address a few words to the colored citizens, advising them to make every effort to secure property and an education.

The Orangeburg District Conference convenes in the Orangeburg Lutheran Church to day. There will be preaching in this church tonight at 8 o'clock, by Rev. Wm. Stoudenmire.

On Sunday morning Rev. J. F. Probst is expected to preach, after which the Lord's Supper will be administered. Every-body is invited to attend.

The corner stone of the new Methodist church at Branchville will be laid on Wednesday, September 8th, 1880. The ceremony will be made interesting by several speeches. The public are cordially invited to attend and are promised an entertainment worth enjoying; also a hot dinner will be served during the day in aid of the church and it is hoped there will be a general attendance.

The Rev. Dr. Webster opened his harangue on Saturday by informing his colored hearers that he had no axe to grind—in other words he did not want an office. When it is taken into consideration that this political parson now holds one of the best paying offices in the county his disinterestedness can be fully understood and appreciated. There are a good many more patriots like you, Doctor, in the Republican party.

The factory buildings of Mr. Geo. H. Cornelson are approaching completion. Beside the main factory in which the machinery will be operated there are tenement houses for the operatives and a brick building for seed cotton capable of holding five or six hundred bales. The boiler and engine are already in position and only await connection with the machinery to give the long wished for hum of the spindle to our town. Would there were more Cornelsons in Orangeburg then the beginning of a city might be dated.

The 7th September is appointed by the State Executive Committee as the occasion of a grand ratification Mass Meeting of the State to be held at Columbia. Addresses will be delivered by Senator Bayard of Delaware, Gov. Vance of North Carolina and other leading statesmen of the South. These gentlemen will tell our people that the election of Hancock and English means the deliverance of our country from Radical thralldom, from the spoiling of corrupt officials and from the deepest political disgrace that ever rested upon the fair name of a noble state. Representatives from every quarter of the state and the adjoining states will be there, and the occasion is expected to be a glorious send off to the state campaign and to be followed up by Mass Meeting in every County.

Sheridan's Classical School will open at the rooms in the Fair Building on the first Monday in September at 9 o'clock a. m. Pupils, both boys and girls, are requested to be punctual in their attendance on the first day of the term. This is important in order to enable the principal to classify and arrange the grades. The necessary assistance will be employed and every effort made to advance the pupils in their studies. The reputation of the school for thorough teaching and strict discipline will be maintained, and, by extra efforts, improved during the year. The success of the past encourages the principal to hope for a liberal patronage from the public. Students from the surrounding communities, and other counties can obtain board in the family of the principal, with Mr. J. M. Danner or G. W. Brunson. For price of tuition, board and course of study see advertisement in another column.

At a recent meeting of the board of trustees of the Agricultural College at Columbia, complete arrangements were made to open that institution on the 1st of October next. The chair of Geology, made vacant by the declination of Prof. Joseph LeConte, was filled by the election of the Rev. James Woodrow of Columbia and late Professor in the Theological Seminary there. Sufficient money was placed at the disposal of the Executive Committee to provide for a successful beginning of the first term. Mr. G. W. Connors, of Hampton County was elected foreman of the farm. All tenants, who have been occupying the College buildings, will remove forthwith in order that the rooms may be made ready for the students, who will be charged no other fee than that of ten dollars for room rent. The name of the institution is "The South Carolina College of Agricultural Mechanics," and of course degrees of graduation will be conferred on all those who complete the prescribed course.

This is the first effort made since the war to give the youth of our country a strictly practical education. The prediction has gone forth that the enterprise will be a failure, because the business of a College is to train the mind to think properly, whilst to do, is the after work of the student himself. We really see no reason why a College may not learn a man to do as well as to think—why not both.

RE-UNION.—On Friday, the 13th instant, the students and ex-students of Newberry College from the lower portion of the State met at Trinity Church in Middle St. Matthews for the purpose of organizing a union among them in the interest of education generally. After the usual preliminaries, a permanent organization was made by electing Prof. J. B. O. Holloway, President, Rev. William Stoudenmire, Secretary and Treasurer, and the present incumbents to the other offices. Speeches were made in behalf of general education by Prof. J. B. O. Holloway, H. G. Sheridan, Prof. Geo. B. Cromer and Rev. S. S. Rahn, the two last professors of Newberry College who made most excellent addresses in advocacy of college education as the best system yet devised for training the mind and preparing the student for future success in any of the vocations of life. These gentlemen have made a most favorable impression upon the community, and will doubtless widen their sphere of usefulness in a field where there are already many honored graduates of Newberry College. After a recess of an hour to partake of a splendid dinner prepared for the occasion by the citizens of the neighborhood, the Union reassembled to finish the business before it. Resolutions of thanks to the citizens for their generous hospitality were unanimously adopted, and, after the benediction, a meeting of all the Sunday School children from the different churches was called. Quite a number of schools were represented, and Rev. Wm. Stoudenmire, Rev. S. S. Rahn and Prof. Geo. B. Cromer entertained the large audience in their happiest style. The occasion was a most enjoyable one all round.

If any body wants hotter weather than this, we would refer him to Plato's dominion where, perhaps, he may be accommodated. The cold wave that passed over the Eastern States two weeks ago has not reached this part of the world.

The Junior Base Ball Club and the Rowesville Club will play a match game this afternoon. This will be the season.

According to the call of the Executive Committee the Democratic Nominating Convention met in the Court House on Wednesday last at 12 o'clock m. Hon. Sam'l Dibble, County Chairman called the meeting to order and, after an appropriate address to the delegates present, requested Mr. J. L. Heidtman, Sec'y of Executive Committee, to call the list of clubs and rolls of delegates and alternates. The call having been completed, objections were raised to the delegations from Hampton and Rocky Grove Clubs which necessitated the appointment of a committee on credentials. One from each club constituted the committee and after a short absence reported the difficulties adjusted. The Chairman announced that the convention was ready for permanent organization and on motion Hon. S. Dibble was elected President by acclamation, Dr. R. W. Bates, Mr. J. H. Felder and Dr. O. H. Ott were in the same manner elected Vice Presidents; and Mr. W. L. Glaze Sec'y & Treas. Mr. Jno. N. Hook, Assist-Sec'y & Mr. J. L. Heidtman was appointed Sergeant at arms.

Resolutions requiring all candidates and delegates to pledge themselves to support the ticket about to be put in the field were laid on the table on the ground that it was unnecessary, the party being harmonious and every delegate felt himself in honor bound to support the ticket with his best efforts, also to require all candidates for the legislature to express their views upon the subject of whiskey and pistols, were unanimously voted down. The President announced that the convention was ready to enter upon the work of nominating a county ticket and asked which should be the basis of election, a two third vote of the delegates or a majority. It was decided that a majority vote should rule and that three minutes be allowed for any speech putting in nomination a candidate. Gen. Jas. F. Izlar was upon motion unanimously nominated for the position of State Senator. Ten or fifteen gentlemen were put before the convention for the legislature and on the first ballot Dr. J. W. Summers having received ninety five votes and Dr. J. C. Holman eighty nine were declared elected. A motion was then made to nominate the two next highest by acclamation which was adopted and Capt. Augustus Fludd and Dr. B. H. Knotts were declared nominated. The colored delegates, nine in number, then presented the names of Alexander Brown and Aaron Simmons for the Convention to select one of them as a candidate for the legislature. After the ballot the President declared that Alexander Brown was elected.

The following gentlemen, after numerous ballotings, were nominated for the county offices;

Clerk of the Court, Mr. Joseph Robinson; Sheriff, Mr. A. M. Selley; Judge of Probate, B. P. Izlar; County Commissioners, Messrs. C. G. Dantzier, J. C. Fanning and Marshall Jones, colored; School Commissioner, Mr. Styles R. Mellichams, and Coroner, Mr. J. L. Heidtman. The delegates, having now completed the work for which they were called and a resolution of thanks to the President having been offered by Mr. Jno. H. Phillips, for the able and impartial manner in which he had conducted the business of the session, the Convention was addressed by the President upon the importance of Harmony and Unity in the party and earnest effort on the part of every voter in order to secure the election of the ticket. The Convention after a laborious session adjourned at half-past eleven o'clock P. M.

The sycofantish Boliver advised the negroes last Saturday in his harangue to them to carry the election by peaceable means if possible, and if they couldn't carry it by peaceable means to carry it by some other. Such incendiary language as this is calculated to brew trouble, and when the "other means" is being used we'll wager a hat that the redoubtable George won't be there.

We regret being absent from our office on the occasion of a call by Mr. A. Barron Holmes on Wednesday last, the worthy representative of Edward Perry, bookseller and stationer of Charleston, S. C., and hope he will honor us with another call when we will be pleased to welcome him to our sacrament.

Hair, if not necessity, makes a Hair Dressing such as Dr. Ayer's laboratory issues indispensable to many. The "Vigor" is one of the most delightful we have ever used. It restores not only the color, but gloss and luxuriance, to faded and grey hair.

See advertisement of J. I. Sorrentrue in to-day's issue. His stock of goods is large and varied and prices to suit everybody. Stop in his free wagon yard and examine his goods and prices before purchasing elsewhere.

The Junior Base Ball Club and the Rowesville Club will play a match game this afternoon. This will be the season.

COMPOUND EXTRACT BUCHU, composed of buchu leaves, dandelion root, acetate potash, juniper berries, praeiza brava, and calinsonia root. All of which are highly valued diuretics, kidney stimulants and depurants. The failure of the actions of the kidneys is a source of many distressing diseases. This medicine produces a hearty action of the kidneys, removes from the blood the urea and uric acid, which if allowed to remain and accumulate would induce rheumatism, gouty affections, pains in back and loins. This valuable medicine is for sale by Dr. J. G. Wannamaker. Price 75 cents per bottle.

NINETY-SIX, S. C., April 14, 1879.—Dr. L. T. Hill.—I have been suffering from indigestion and dyspepsia for some time; had no appetite, and was very restless at night. I purchased a bottle of your Hepatic Panacea, and was surprised how rapidly I improved after taking a few doses. I used one bottle, and now I rest well at night and have a good appetite. B. J. Spratt. For sale by S. A. Reeves.

If the "immaculate" Boliver, the "saintly" Webs'er, and the "ebony" Straker made an agreement last Saturday to see who could tell the biggest lie on the Democratic party at the mass meeting, and while it is very hard to discriminate where all did so well, we are compelled to award the honor to Straker, as he certainly laid his pale-faced brethren in the shade, but it was a pretty hard job.

EDGEFIELD Co., S. C., April 9, 1879.—Dr. L. T. Hill.—I certify that I have used your Hepatic Panacea, for diseases of Liver and Dyspepsia. I can safely say that it has benefitted me more than any other medicine I have ever taken. E. P. Addison. For sale by S. A. Reeves.

Sallie Spriggins, one of our rural sisters, had her picture taken the other day, and the likeness was wonderful to behold, but no remedy like Portoline, or Tabler's Vegetable Liver Powder has ever been prepared. It will cure you. Price 50c. For sale by Dr. J. G. Wannamaker. 1

CONSIGNEES at So. Ca. R. R. for unclaimed freight for week ending Aug. 25th 1880; T. Collier, J. A. O. order F. W. W. & Co., W. A. Johnson, H. L. Taylor, D. A. Ayers, J. K. Hart & Co., J. L. Livingstone, J. H. Saley, G. M. Norris.

See advertisement of Mr. Geo. H. Cornelson in another column calling for seed cotton. It will be seen that a farmer will gain from 4 to 5 per cent by taking up this offer, besides getting his seed back and saving one hauling and bagging and ties.

Cle'ar had his Brutus, Charles the First his Cromwell, and every cough and cold in this country will find a conqueror in Cousens' Honey of Tar, the unrivalled cough medicine. Price 50c. For sale by Dr. J. G. Wannamaker. 1

Do you need Shoes, Glass ware or Crockery. If so go to Kortjohns at once. He has just received large invoices of these goods, with orders to sell at once. "Also a lot of improved Lanterns" worthy of your attention.

We are requested by the chairman of the Trustees of Cattle Creek Camp Ground to state that there will be a meeting of the Board held on next Monday, and those who wish to build tents will do well to attend.

The exercises of Miss C. M. Evan's School will be resumed on Monday, September 6, 1880, at residence of Mr. P. V. Dibble. 2

For lamps of every description go to J. I. Sorrentrue, the largest and best selected stock at lowest prices to found there.

For gentlemen's furnishing goods including some of the best Unlaundried Shirts go to J. I. Sorrentrue.

The Five Notch road from Four Hole's bridge to town was being worked on Wednesday last.
